**AFFIDAVIT OF SPECIAL AGENT KIMBERLY MULLINGS TO SUPPORT  
SEARCH WARRANT**

Your affiant, Kimberly Mullings, being duly sworn, deposes and says as follows:

1. I am a Special Agent (SA) with the Department of Homeland Security (DHS), United States Immigration & Customs Enforcement (ICE) assigned to the Office of the Special Agent in Charge (SAC) Philadelphia Office. I have been a Special Agent for approximately three years and ten months. This affidavit is submitted to establish probable cause for a search of the premises of seven Burger King franchises in the state of Delaware for evidence of violations of immigration laws by illegal aliens who are present in the United States. Based upon my personal observation, interviews, consultation with other Agents, and a review of the records, I have learned the following facts:
2. This investigation originated from the ICE Headquarters Worksite Enforcement Unit (HQ WSE). HQ WSE developed a list of employers in high-risk industries that were the subject of prior leads indicating unauthorized employment and/or non-compliance with the Employment Eligibility Verification document (Form I-9) requirements. Burger King (franchise #2106, hereinafter #2106), located at 101 N. Dupont

Highway, New Castle, DE 19720 was on the HQ WSE list. Burger King (#2106) is in the SAC Philadelphia area of responsibility.

3. Burger King is a fast-food chain restaurant with franchises and corporate stores within the United States and abroad. On December 18, 2007, your affiant and SA Daniel Roman went to Burger King (#2106) to meet with owner/investor Gary Harting. SA Mullings served Mr. Harting with Notice of Inspection and a subpoena requesting "any and all records to include, but not limited to, DHS Form I-9 (Employment Eligibility Verification) with supporting documents used to verify employment eligibility; all Social Security Administration "Employer Correction Requests" and "Request for Employee Information" letters received from January 1, 2005 to the present; and corresponding payroll records from January 1, 2005 to the present."
4. On December 26, 2007, your affiant received copies of approximately twenty-eight Forms I-9, supporting documentation, a payroll register, and a Form G-28 (Notice of Entry of Appearance as Attorney or Representative) from Julie A. Pace of Ballard Spahr Andrews & Ingersoll, LLP in Phoenix, Arizona on behalf of Burger King (#2106).
5. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#2106). This analysis revealed that

approximately eighteen (sixty-four percent) of the twenty-eight Forms I-9 showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services (formerly the Immigration and Naturalization Service) or showed expired Employment Authorization Cards. These employees are listed on "Exhibit 5".

6. It is my experience, as well as the experience of other law enforcement officers involved in this investigation, that a sixty-four percent showing of irregularity is unusually high and when observed is often attributable to the illegal purchase and possession of certain identification documents. It is my experience, as well as the experience of other law enforcement officers involved in this investigation, that persons, usually aliens who are illegally present in the United States or who are not authorized employment in the United States, purchase identity documents, such as I-551's (green cards) and Social Security cards, that may belong to persons eligible to work in the United States. It is my experience, as well as the experience of other law enforcement officers involved in this investigation, that illegal aliens utilize these documents to gain employment. These offenses are possible violations of Title 18, United States Code, Section 1028 which makes it a crime to knowingly possess an identity document with the intent such document be used to defraud

the United States; Title 18, United States Code, Section 1546, which makes it a crime to use an identification document knowing that the document was not issued lawfully for the use of the possessor; and Title 18, United States Code, Section 1015(e), which makes it a crime to knowingly make a false statement and claim to be a national or citizen of the United States for the purpose of engaging in unlawful employment in the United States.

7. Based upon the high percentage of irregularity discovered in the Form I-9 audit of Burger King (#2106), HQ WSE directed your affiant to expand the Form I-9 audit to include six other Burger King franchises in which Gary Harting is an owner/investor: Burger King (#101), 2802 Concord Pike, Wilmington, DE 19803; Burger King (#466), 3607 Kirkwood Highway, Wilmington, DE 19808; Burger King (#684), 2911 Philadelphia Pike, Claymont, DE 19703; Burger King (#1068), 30 S. Chapel Street, Newark, DE 19711; Burger King (#2663), 2690 Kirkwood Highway, Newark, DE 19711; and Burger King (#3801), 1530 N. Dupont Highway, New Castle, DE 19720.
8. On February 4, 2008, your affiant served another Notice of Inspection and a subpoena to Julie Pace for records pertaining to the aforementioned Burger King locations in paragraph 7. On February 7,

2008, Arlene Angelo of Ballard Spahr Andrews & Ingersoll, LLP in Philadelphia, PA delivered the subpoenaed information to your affiant.

9. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#101). This analysis revealed that approximately eleven (forty-eight percent) of the twenty-three Forms I-9 showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services, formerly the Immigration and Naturalization Service, or showed expired employment authorization cards. These employees are listed on "Exhibit 1".

10. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#466). This analysis revealed that approximately nine (thirty-one percent) of the twenty-nine Forms I-9 showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services, formerly the Immigration and Naturalization Service, or showed expired employment authorization cards. These employees are listed on "Exhibit 2".

11. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#684). This analysis revealed that approximately eight (thirty-five percent) of the twenty-three Forms I-9 showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services, formerly the Immigration and Naturalization Service, or showed expired employment authorization cards. These employees are listed on "Exhibit 3".

12. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#1068). This analysis revealed that approximately ten (twenty-six percent) of the thirty-eight Forms I-9 showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services, formerly the Immigration and Naturalization Service, or showed expired employment authorization cards. These employees are listed on "Exhibit 4".

13. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#2663). This analysis revealed that approximately eleven (fifty-eight percent) of the nineteen Forms I-9

showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services, formerly the Immigration and Naturalization Service, or showed expired employment authorization cards. These employees are listed on "Exhibit 6".

14. Your affiant analyzed the alien registration numbers listed on the Forms I-9 received from Burger King (#3801). This analysis revealed that approximately eleven (forty-four percent) of the twenty-five Forms I-9 showed alien registration numbers that were issued to persons who do not match the corresponding employee names shown on the Forms I-9, or showed alien registration numbers that have never been issued by U.S. Citizenship and Immigration Services, formerly the Immigration and Naturalization Service, or showed expired employment authorization cards. These employees are listed on "Exhibit 7".

15. Therefore your affiant, Special Agent Kimberly Mullings, has probable cause to believe that there exists on the premises of Burger King (#101), Burger King (#466), Burger King (#684), Burger King (#1068), Burger King (#2106), Burger King (#2663), and Burger King (#3801) illegal aliens and fraudulent identification documents. Wherefore, your affiant requests that judicial process be issued to her, or other such

Immigration and Customs Enforcement Officers as she may designate, authorizing her or them to enter Burger King (#101), 2802 Concord Pike, Wilmington, DE 19803; Burger King (#466), 3607 Kirkwood Highway, Wilmington, DE 19808; Burger King (#684), 2911 Philadelphia Pike, Claymont, DE 19703; Burger King (#1068), 30 S. Chapel Street, Newark, DE 19711; Burger King (#2106), 101 N. Dupont Highway, New Castle, DE 19720; Burger King (#2663), 2690 Kirkwood Highway, Newark, DE 19711; and Burger King (#3801), 1530 N. Dupont Highway, New Castle, DE 19720 and there to interrogate persons, and if necessary, to administratively arrest individuals who are illegally present and/or working in the United States pursuant to Title 8, United States Code, Section 1357.

16. Your affiant, having signed this affidavit, under oath as to all assertions and allegations contained herein, states that its contents are true and correct to the best of your affiant's knowledge, information, and belief.

Kimberly Mullings, Special Agent  
Department of Homeland Security  
U.S. ICE

**DESCRIPTION OF SUBJECT PREMISES**

Burger King restaurants #101, #466, #684, #1068, #2106, #2663, and #3801 are all single story buildings. They are composed of white brick. A blue awning-like overhang decorates the exterior. The Burger King logo and sign is placed on the overhang in the front of each building. The buildings are trimmed in red and yellow. Large windows surround the buildings, many of which are decorated with advertisement posters. Each building has at least two doors for patrons, and at least one for employees. The buildings are surrounded by a parking lot with access to the street. Within the parking lots, Burger King restaurants have a drive-thru area and a drive-thru window. A free standing "Burger King" sign near each of the buildings can be observed from the street.
